You are invited to join the conference 2014 at the Calvary Burmese Church in our nation's capital, Washington DC. We are gathering to recharge our body and soul based on this year theme and to strengthen the bond through fellowship among the Burmese Christians from North America. As such, we have invited our very own high-powered speakers & teachers to lead the theme presentation, bible study, devotion, worship and consecration. Also, Washington DC is an excellent place to visit either individually or with the family where many historical and famous national monuments and museums are located. We hope to see you at the conference!
